## Kfc cheetos sandwich nutrition information

This week, I contacted a Cheetos Sandwich, new to poultry plucker #1, KFC, with over 20,000 coast-to-coast restaurants worldwide. This is a meeting of world powers that actually produces more than a photo opportunity - a sandwich that everyone can support. Here's the breakdown of the KFC Cheetos Sandwich: an extra crispy, fried white meat breast fillet, slathered with Cheetos sauce, a mayo smear, and a bed of Cheetos chips on a fluffy bun. Total calories: 560. Fat grams: 33. Sodium: 1,180 mg. Carbohydrates: 42 g. Dietary fiber: 0 (this is the spirit). Protein: 25 g. Manufacturer-suggested retail price: \$5.99. Mileage may vary. This is one of those brilliant drive-thru mashups that makes you wonder: what took them so long? KFC's crispy extra has been a favorite for decades, with lots of crispy bread and a real chicken breast, none of that pasted and chewed, McNuggets glop particle board. Cheetos are a beloved addition to any meal, even better on their own. Give me a family-friendly bag and some privacy, please. KFC and Cheetos were a winner waiting to happen. If you've been attending the carnival at the Houston Livestock Show and Rodeo for the past two years, you may have noticed that the Cheetos were everywhere, on everything: corn dogs, pizza, popcorn. They even had Cheetos-flavored cotton candy. Then, give KFC a stuffed toy award for being the first fast food chain to reach the Cheetos train. Simply put, this is an absolutely brilliant brainstorming: a delicious, big horn, a croissant, cheese, big chicken, affordable filler-up sandwich. When buying a diamond, look for the Four C's: cut, clarity, color, and carats. When you buy a KFC sandwich, the four C's are: crispy, crispy, ribed and Cheetos. Cheetos are easily a Top 5 of orange food, right next to creams, sweet fries, cantaloupe and buffalo wings. Heck, Cheetos could be at the top. Raise an orange finger and shout out loud: We are number 1. If you think this is a T-1 wedding of KFC and Cheetos, well, you've got something else coming up. Probably more than one more thing. KFC has already mentioned Cheetos and Hot Wings, Cheetos Loaded Fries and Mac and Cheetos. To celebrate National Fried Chicken Day (July 6), KFC offers free delivery July 4-7 via Grubhub. The cost is usually \$3.99. So, good deal. -- Ken Hoffman reviews a new fast food restaurant every Wednesday. Do you have a suggestion or a drive-thru favorite? Ken lets you know on Twitter. KFC celebrates the nationwide release of its Cheetos Sandwich with the new Cheetos Lovers Box deal. For a limited time, KFC is running a promotion where anyone can get a Cheetos Sandwich, Cheetos Popcorn Nuggets, mac and cheese, potato wedges and an average drink for just \$9.99. Made with a fillet of Extra crunchy succocated in special cheetos sauce and a layer of crispy cheetos wedged between two soft buns, the KFC Cheetos Sandwich alone usually costs \$4.99. And Cheetos Popcorn Nuggets alone cost \$2.99, so this is a really good deal. Nuggets Popcorn Cheetos feature extra crunchy chicken pieces succocated in KFC KFC Cheetos Sauce. Also, KFC also offers the limited-time Cheetos Sandwich as part of a combination with potato wedges and an average drink for \$6.99. La Cheetos Lovers Box or the Cheetos Sandwich? Which one will you find? Honestly, you can't go wrong either. Just make sure you try it out with the new Mountain Dew Sweet Lightning soda, which features peach and honey flavors. The new agreement is only available at participating locations at national level for a limited period of time. It has 560 calories and features a hand-breaded all-white meat chicken breast fillet, extra crispy and covered in the chain's new Special Cheetos sauce. The Cheetos Sandwich combines the finger of KFC that licks the good chicken with chewing chewing cheetos fingers for an explosion of flavor in each bite. It's essentially the crispy Colonel Sandwich of the chain served atop a bed of Cheetos and drizzly in Cheetos Sauce. The new sandwich is delicious but laden with calories and grams of fat. These 33 grams of fat from this article with an increase of about 54% in your daily dose of fat. It also has a lot of carbohydrates and sodium, but more on the underlying one. KFC's Cheetos Sandwich can be made healthier by omitting bread and crispy Cheetos, of course. I'm not usually a big fan of breadless sandwiches, but it might be a good option for some, especially those who count carbs. In addition to chicken breast fillet and enriched flock flour, this menu item also contains high fructose corn syrup and soybeans oil, among other ingredients. KFC Cheetos Sandwich Calories and Nutritional Information A sandwich contains 560 calories, 53% of which comes from fat.
